

CITY COUNCIL ORDERS
PHONE RAISE FOUGHT

Action Of Mayor Evans Approved
—Question Of Improved Service
Must Be Considered First

Action of Mayor Evans in requesting the City Council to take steps to prevent by legal action, the Cumberland Telephone and Telegraph Company from violating its contract with the people of Richmond in the matter of rates, was formally approved and endorsed by the city council at its regular meeting Thursday night. The City Fathers gave official instruction to City Attorney Chensault to institute injunction proceedings against the company, which has been ordered to make rate increases by the governmental bureau in charge of the wires.

Local manager Harris has been notified by his superiors that the company will stand ready to refund to subscribers any increase in rates they may have to pay, in the event that courts finally decide that increases are illegal. Other states and communities have gone into the courts also to fight the proposed increases and there is no doubt but that the matter will go to the United States Supreme Court for final decision.

In many quarters there seems little objection to the increase in phone rates in Richmond, provided, however, that there is an improvement in the service that the company gives its patrons. The City Council will undoubtedly order the telephone and electric lighting and power wires placed underground in the business section of the city, and poles removed along the streets, at the time the new paved streets are laid. This suggestion has popular approval on all sides. If Richmond is to receive the full benefit of paved streets and new sewers, no half-way measures should be adopted. The appearance of the city with its unsightly poles and wires from the main business section. At the time the operating companies are removing their wires, it will be an easy matter for the phone company to install the central system in its plant. This system of operation requires no ringing by the person who wishes to call Central. Simply lifting the receiver from its "hook" calls central and replacing the receiver cuts off connection. Most all modern cities have this sort of service now. Other towns in Kentucky the size of Richmond have it, and there is no valid reason why Richmond should not enjoy its benefits also. The proposal to raise the rates comes in line with suggestions for improving the service telephone patrons of Richmond. It is understood that high officials of the company will soon come to Richmond with plans and a proposition regarding needed and desired improvements.

The City Board of Tax Supervisors was also named at the meeting of the City Fathers last night. They were Messrs. Arthur Todd, Webster Hamilton, and Wearen Kennedy. All as property owners and well familiar with property valuations in Richmond.

The council voted a donation of \$100 to the Associated Charities, which under the leadership of Dr. Telford, is doing a splendid work for the poor and needy of the community.

EXPLOSIVES FOUND IN
NEW YORK HOUSE

(By Associated Press)
New York, May 2—The large quantity of explosives confiscated by police federal agents at a house in West 45th street, is being examined at police headquarters today in connection with investigation of the May Day conspiracy to kill prominent men by sending them bombs through the mails.

Officials announced that the house was raided last night by the police. Meanwhile the authorities are expecting to make a round-up of "Reds" here today, believed to have been concerned in sending 25 bombs to prominent persons. One of them exploded, the others being turned over to the authorities.

It is assumed that the warnings sent broadcast, made it improbable any bombs which may still be in transit will accomplish the execution designed for them.

HARLAN EDUCATOR
ELECTED CHAIRMAN

By County Superintendents in Session
At Educators' Conference At E. K. Normal—Thursday A Big Day.

Supt. A. C. Jones, of Harlan county, one of the most progressive and aggressive superintendents attending the conference, was elected chairman of the meeting Tuesday evening and presided Thursday night. He has a forceful way of expressing himself and conducted the meetings with vim and promptness. Each speaker was greeted by the chairman in the most gracious manner. Dr. Myers, head of the music department of the Normal School, addressed the meeting at 8:30 a. m. of Thursday. He is one of the greatest authorities on public school music in the United States and has a way of articulating his subject that causes everyone present to feel the need of promoting public school music. Prof. McHenry Rhodes, State Supervisor of High Schools, delivered an address on the subject "A high school education for all country boys and girls without severing home ties with them." He stated that this could be done in two ways. First, by building high schools in every educational district, and second, by transporting the students to a central location. The high school graduates in Harlan county, the two normal schools have increased many, many times within the past few years.

Supt. F. D. Perkins, of the city school of Harlan, gave a splendid talk on the "Intellectual drain on rural communities." Mr. Perkins is one of the most successful educators in Eastern Kentucky. His address was most enthusiastically received. At 10:30 a. m. a large crowd assembled in the auditorium for the dedication exercises of the new training school building. Father Schulte conducted the exercises. The school building which the Model School children sang some beautiful songs. Dr. Myers is getting wonderful results from his efforts in the children. Dr. McVey, President of University of Kentucky, delivered the address for the occasion. He took for his subject, "Education of all citizens." He gave a better civic and patriotic instruction. Dr. McVey is a forceful and eloquent speaker. After the exercises the meeting adjourned to the training school building where they were given a reception by the students and faculty. A most pleasant and social hour was spent in the new building. The building was beautifully decorated. Refreshments were served to students, patrons, superintendents and visiting educators.

Immediately after the reception a photograph of the superintendents and visiting educators was taken. The exercises were continued in front of Roark Hall where McGaughey was waiting for them. A picture will be the souvenir of the occasion and will be sent to each of the superintendents. At 8:00 p. m. Dr. Grinstead opened the meeting by conducting the devotionary exercises. Mr. Jones introduced John Howard Payne of Midway as a man with a message. One of the most interesting addresses of the evening was given by Mr. Jones. He showed numerous ways by which the town and country could be brought closer together. His address was thoroughly enjoyed by the audience. Sidney W. Landon of Cleveland, Ohio was introduced by President Coates and for two hours he entertained the audience. He presented characters famous in the literary world. Mr. Landon is a real artist. During the evening he impersonated Victor Hugo on his eighteenth birthday and delivered the address that Hugo delivered to the 700,000 who assembled in Paris to commemorate the occasion. Bill Nye kept the audience howling. Nye's address on the "American Boy" given as Nye gave it was a real treat. Edgar Allan Poe was impersonated by a local actor and the impersonation of this great poet was as natural as could be. Mark Twain was presented and enjoyed; but most of all the audience enjoyed the impersonation of the old character that lived in the town with James Whitcomb Riley—for thirty minutes Landon had the house in a uproar. Lastly he presented Henry Wadsworth Longfellow. It was one of the most entertaining programs ever presented at a Richmond audience and was appreciated by the visiting educators. The meeting will close Friday noon.

GRIEVOUS MISTAKE
QUICKLY CORRECTED

Garrard County Boy Charged With Falsity To Register Had Fought Bravely For His Country In France.

A grievous mistake was very properly and promptly corrected by Judge A. M. J. Cochran in Federal Court Thursday when the indictment against Robert McQuerry, of Garrard county, accused of failure to register for military service, was nulled, or in other words thrown out of court. By an error his bond was declared forfeited Tuesday. The facts developed that McQuerry volunteered for service in the army, went to France and fought bravely and heroically for his country. Through some mistake, the fact did not come before the proper authorities and this action was brought against him.

The jury which tried Lily White, a white girl on the charge of taking a sweater from a mail box in the Hubble section of Lincoln county, was brought in a verdict of not guilty late Thursday.

William Lynch and Bettie Rawlings pled guilty to robbing the post office at Old Landing, Lee county, and will be sentenced later by the Judge. In fact the Judge will pass on a number of offenders at the close of court. Lynch is said to be an old offender, having served time on a similar charge before. His accomplice is only a young girl.

Major Woodson, of Lexington, was found guilty of violating the purity zone act in regard to soldiers in camp.

Ben Bailey and Sara Bailey, white and Lily Baker, colored, of Lexington, were also convicted of violating the purity zone act.

John Henry Allsman, of Boyle, pled guilty to failure to register for military service.

GIRLS' PAINS AND WEAKNESS

Yield to Lydia E. Pinkham's

Thousands of Girls Benefited

St. Louis, Mo.—"When I was only fifteen years old mother had to put me to bed every month for two days because I suffered such pain. I also suffered from a weakness and mother took me to a doctor but he did not help me. Finally mother made me take Lydia E. Pinkham's Vegetable Compound and it has made me strong and healthy. So when mother or I hear any woman complaining we tell them about Lydia E. Pinkham's Vegetable Compound and what it did for me."—Mrs. JOHN FRAME, 1121 N. 18th St., St. Louis, Mo.

Girls who suffer as Mrs. Frame did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

ing over. Capt. Torrence, who saw several months of service overseas, was the speaker of the evening and was a very pleasing one. The five reel picture that was shown, entitled "The Price of Peace" was very much enjoyed, being an extra good picture of the world's war in its many phases. Liberty Bonds were sold to the amount of \$55,000 in about ten minutes. Lincoln county's apportionment which is \$251,000 will be raised without much trouble. It is thought by Chairman J. S. Hocker. Chairman Hocker is working untiring efforts and the success of this drive is due largely to his earnest work. He has been chairman of the four drive, and no better one could have been found.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

CALUMET BAKING POWDER

"BEST BY TEST"

The ideal baking powder wherever baking powder is needed—insures greatest baking savings and guarantees better baking results. In doughnuts—in any baking—you are assured tasty, tender, evenly raised goodies that are thoroughly wholesome. Used by more housewives than any other. Double the usual leavening strength.

Made in the world's largest, finest, most sanitary baking powder factory.

CALUMET DOUGHNUTS

1/2 Cup sugar 1 Egg 2 1/2 Level teaspoons Cal-
3 Level teaspoons shortening 1 Level teaspoon salt 2 1/2 Level cups flour
1/2 Cup milk or water Lemon and mace flavor

How to make them—Cream sugar and shortening together, add well beaten egg. Then add milk. Next mix in flour and baking powder well sifted together. Work dough as little as possible. Turn out on well floured board and roll out quarter inch thick; cut with doughnut cutter and fry in boiling hot fat.

This is one of the many famous Calumet recipes, furnishing America's tables with more delicious bakings. Cut out and paste in your recipe book for future reference.

Observe This

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised for the mother and will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

Dr. Caldwell's
SYRUP PEPSIN
The Perfect Laxative

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and shortening our time we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

FREE SAMPLES

If you have never used Dr. Caldwell's Syrup Pepsin, send for a free trial bottle to Dr. W. D. Caldwell, 601 Washington St., Louisville, Ky. If you are unable to write, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

LIFT OFF CORNS!

With fingers! Corns and calluses lift off. No pain!

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a Cincinnati genius.

The kind you can't get enough of—doughnuts everybody relishes—doughnuts that are light, fluffy and tender as any cake. This is what you get when you use

CALUMET BAKING POWDER

"BEST BY TEST"

The ideal baking powder wherever baking powder is needed—insures greatest baking savings and guarantees better baking results. In doughnuts—in any baking—you are assured tasty, tender, evenly raised goodies that are thoroughly wholesome. Used by more housewives than any other. Double the usual leavening strength. Made in the world's largest, finest, most sanitary baking powder factory.

CALUMET DOUGHNUTS

1 Cup sugar 1 Egg 2 1/2 Level teaspoons Cal-
3 Level teaspoons shortening met Baking Powder
1 Level teaspoon salt 2 1/2 Level cups flour
1/2 Cup milk or water Lemon and mace flavor

How to make them—Cream sugar and shortening together, add well beaten egg. Then add milk. Next mix in flour and baking powder well sifted together. Work dough as little as possible. Turn out on well floured board and roll out quarter inch thick; cut with doughnut cutter and fry in boiling hot fat.

This is one of the many famous Calumet recipes, furnishing America's table with more delicious bakings. Cut out and paste in your recipe book for future reference.

Observe This

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

Seems Like the Skin is on Fire.

TREATY GOOD FOR LABOR

Washington, May 2.—Bulletin.—President Wilson today cabled Secretary Tumulty that he believed the labor program adopted as part of the peace treaty, constitutes one of the most important achievements in which the interests of labor are systematically and intelligently safeguarded and promoted. He believed that no other single thing that has been done would help more to stabilize conditions of labor throughout the world and ultimately relieve the unhappy conditions which in too many places have prevailed.

HUNS NEED LEATHER.
Coblenz, May 2.—Among the Germans in the American occupied area, leather is nearly as great in demand as butter, bacon or soap. At Kesselheim, on the Moselle, recently a servant girl was held up at the point of a gun by a German man and compelled to take off her shoes and give them to him.

London, May 2.—While in London Queen Marie of Rumania kept many appointments with dressmakers, milliners, furriers and tailors and purchased lace and glass, china, silver-

The Queen did her own shopping and showed that she had a keen eye for a bargain but most of her purchases were made to fill absolute needs because stocks had run so low in her own country during the war.
